Dear Secretary,

As you should be aware the North Lancashire and District Football League as part of the 90<sup>th</sup> anniversary of the reforming of the league are playing a celebration match against Lancaster City on March 17<sup>th</sup> 2010. I will be selecting a squad of players to take part in this match. Lancaster City are currently having a very successful season and have a number of players who started their football in our league.

In the past we have had very successful representative sides and I am using the same method of selection as I have done previously. I have already watched a lot of games and also have asked a number of colleagues to do the same. I have a number of good players already in mind; however I have certainly not seen every player who is eligible.

I now need you as secretary or your team manager to complete the table below which recommends up to five players from your team. Please be sensible and if you only consider one player, then that is fine. Likewise, if you do not have any players at all that you think would make the squad, then that is fine also, and you do not have to return the form. However, the League would be grateful if you made all your players fully aware that this game is going ahead and any support for the League team would be greatly appreciated.

When I have received your nominations I will contact your club's preferred contact to discuss the players. I will not contact any players directly until I have spoken to the club contact.

Name of Club.....  
 Name of preferred club contact.....  
 Contact telephone number.....

Name of Player	Preferred Position	Alternative Position	Contact Number

What I have found very useful in previous seasons is if you would be prepared to recommend any players you consider outstanding from other teams that you have played against this season that you feel deserve to be included in our team.

Name of player	Position played	Current Club

This form needs to be completed and returned to me at the above address by return post. The reason is because player's names and details will be required for the match day programme.

Please take note: if you choose not to recommend a player from your club then I will not select them. But be aware that if a player asks me directly why I have not selected them I will give the answer I have given in the past. Which is "your manager never put your name forward, so he obviously does not think you are good enough".

If you did recommend a player and I chose not to select them, then that is a different matter and I will deal with that myself and explain the reasons if asked.

Ultimately I am relying on your common sense and good judgement.

Thanks in anticipation and I look forward to speaking to you soon

Phil Davies
